HINDUJA GROUP

About **NXTDIGITAL** Limited

NXTDIGITAL Limited (NDL) is the flagship media business of the global Hinduja Group. The media and communications company is India's only integrated Digital Delivery Platforms company in the country - delivering services via satellite, digital cable and broadband. With a pan-India presence, **NXTDIGITAL** delivers television services through a dual delivery platform consisting of the terrestrial fibre route and the country's only **Headend-In-The-Sky (HITS) satellite platform**, under the brand names INDigital and **NXTDIGITAL** respectively.

The Company's Digital Cable television platform delivers over **750+ channels across 100+ cities and towns** whilst the HITS service is available in more than **1,500 cities and towns** - with a significant presence in the fastest-growing demographics of semi-urban, semi-rural and rural India. The company, which has entered its **25th year** of operation is well established nationally through a franchisee base of over **9,000+ Local Cable Operators**; delivering digital services to millions of customers across the length and breadth of the country.

A game-changer in the industry, the HITS platform enables the Company to also function as a managed service provider to **Multi-System Operators (MSOs)**; providing them with an unprecedented choice of channels and a high level of quality of service - at cost-effective prices. With its state-of-the-art HITS facility and data centers, it is the only company that can offer direct-to-network services to any corner of the country.

Other than Television services, it's subsidiary **ONEOTT Intertainment Limited** has a strong presence in Broadband and Internet services in **40 cities**. Its services under the brand "**ONE Broadband**" provide converged services of Video, Data and Voice to consumers by delivering high-speed internet and services across multiple cities in India. With "ONE Gigafiber", the broadband company also provides FTTH (Fibre To The Home) services for consumers - providing speeds up to 1,000Mbps
