Dear Sir / Madam,

Sub: Intimation pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

This is to inform you that a Memorandum of Understanding (MoU) has been entered among NXTDIGITAL Limited (NDL), OneOTT Entertainment Limited (OIL), a material subsidiary of NXTDIGITAL Limited and Thaicom Public Company Limited (TC) to commercially deploy Broadband over Satellite (BoS) Service along with related products and/or services ancillary to BoS which may include Public Wi-Fi Services across India. TC is one of the leading satellite service providers in the world. It is one of the pioneers in the "Broadband over Satellite" (BoS) space and currently provides the service in India. Such MoU was signed on May 30, 2022.

At present, NDL through its material subsidiary OIL, is providing wired broadband services to over one million subscribers across India. NDL along with OIL foresee a huge demand of Broadband over Satellite (BoS) in India and by entering the said MoU, NDL will be able to cater such demand.

Kindly take the above on record.

Thanking you.

Yours faithfully,

For NXTDIGITAL LIMITED

Ashish Pandey
Company Secretary
